EARN .5 ELECTIVE CREDIT UPON SUCCESSFUL COMPLETION OF THE COURSE

(Students attending any high school are welcomed, but credit can only be given to students registered in a TUSD school)

This program is designed to welcome incoming freshman students to help strengthen their skills in mathematics and language arts. We will support student learning through a variety of engaging and hands-on activities while building their note-taking and social skills in a high school setting. Students are expected to attend classes each of the 15 days in order to fully benefit from the learning opportunities. If a student misses any day of the program the .5 elective credit cannot be provided to the student at the end of the program.

The Freshmen Academy Registration Form will be posted on the Sabino website by mid-February for you to complete and return to Alexander L. Sierra, Teacher/Coordinator Sabino Freshmen Academy. THIS PROGRAM IS FREE, because Tucson Unified School District and Sabino High School are committed to helping our students succeed in high school and beyond.
